"NANCY DREW-DETECTIVE"

to be a highly popular series. Orchestra, "Nancy Drew-Detective" comes to the Majestic Theatre today with Bonita Granville in the title role and Frankie Thomas, talented youngster from the New York stage, as her boy friend and 'Watson.'

The new series is based upon the exploits and adventures of the heroine of the Nancy Drew stories by Carolyn Keene, a succession of novels which are probably the favourite reading matter today of both girls and boys of the adolescent age.

"Nancy Drew-Detective," the screen play of which was prepared by Kenneth Gamet, is concerned with the heroine's successful solv. ing of the kidnaping of a wealthy old spinster who mysteriously disappeared the day after she announced a gift of \$250,000 to the girls' school which Nancy attends: In her quest of and eventual rescue of the old lady. Nancy is given valiant and smart assistance by her boy friend, Ted Nickerson

A Special Shave Cream—It's Not a Soap, Needs No Brush!

MINOR & MAJOR ATTITUDES TOWARDS PRESENT WAR: WORLD SPRING-CLEANING

-"We cannot fight this war on a democratic basis unless we trust the people. This war, therefore, is a huge spring-cleaning of the world and is part of the coming social revolution," said MR. J. P. PRIESTLEY, the eminent novelist, when he broadcast from London yesterday in the series "BRITAIN SPEAKS."

Many such Pacifists do not only rule out the doctrine of violence, but attempt to prove that one side is just as bad as the other, that Democracy is not worth fighting for, and so on. They represent only a very small proportion of the whole country, and there are fewer of them in this war than in the last.

"Somehow or the other, I feel certain that our workers will emerge from this war without being influenced by this attitude. As for the Communists in Germany itself and in defeated France, one would have thought that if the workers were to rise they would have risen now in Germany and France.

"What is the matter with this argument is seen in what happened in Russia. It is like many Communist's arguments-pedantic rather than realistic.

"Now let us turn to the three major groups who want to fight this war. The first group, whose members are always getting into trouble, consists of persons who were staunch supporters of the Chamberlain Government. They

Nazi Setback In Yugoslavia

Belgrade Intractable Despite Italian Concentration

LONDON, Mar. 18 (Reuter)-There are authentic indications that German plans met a setback in Yugoslavia and a first consequence has been to slow down whatever action Germany contemplated against Greece.

Germany's primary aim securing the right of transit through the Vardar valley and. as a second alternative, of securing Yugoslavia's benevolent nonbeiligerency by joining her to the Axis pact, both seem to have been resolutely resisted.

Even a concentration of 60,000 Italian troops on the Dalmatian frontier has not made Belgrade more tractable. It will not be surprising that Germany is not disposed to act against Greece with a non-belligerent Yugoslavia as a potential menace to her long line of communication.

In face of this setback to the desperate Italian offensive in Albania however. Hitler must act quickly if his help is to save Mussolini from as big a disaster in Albania as he met in Libya. The Italian armies must be in a very vulnerable position after their great losses and it is only to be expected that the Greeks and the Royal MAir Force will exploit the opportunities of the situation.

When asked as to what he attributed the alarming increase in the number of cases, Dr. Macleod gave as his popinion that it was the aftermath of the recent blackout exercises. He reminded his interviewer of what he prophesiled would happen in a black-out the disruption of nightsoil disposa
